SCHOOL ATTENDANCE AREAS

Attendance areas for every neighborhood school of the District shall be drawn up by the administration and approved by the Board, based on geography and student population projections.

In establishing school boundaries, consideration shall be given to the densities of students in an area in relation to the relative capacities of the schools, the equalization of enrollments in the classrooms and efficient use of transportation facilities.

A student's designated attendance area shall be based on the legal residence of that student's parents/guardian.

SCHOOL ATTENDANCE AREAS

Page 1 of 2

A. Modifying School Attendance Areas

While each situation for modifying school attendance areas is different, the following serve as guidelines for revising school attendance areas. It is desirable not to have any changes in attendance areas, however, in a growing District, changes need to occur periodically. Any potential changes are isolated early each fall and decisions regarding change in attendance boundaries receive numerous reviews. In many instances, changes are proposed a year or more in advance of implementation.

1. For the purpose of maintaining stability, the District will strive, to the extent possible, to keep the existing school attendance boundaries.

2. In relation to projected student enrollment, when a school capacity problem exists, the Division of Support Services will explore alternatives that will be discussed with the building principal and the building PTA or PTO board of managers and others, prior to the development of recommendation to the Superintendent of Schools or designee.

3. While every attempt is made not to separate existing neighborhoods, sometimes it is necessary.

4. When it is projected that a new housing development will increase the enrollment of a school beyond its capacity, a recommendation to revise the school assignment for that development will be made before residents move into the development.

5. When a choice exists between reassigning students from two housing developments, the development most distant from the school generally will be recommended for reassignment.

6. Whenever possible, a change in an attendance area will not be proposed unless the change is expected to remain in effect for at least three years.
7. When the enrollment at a school will exceed the school's capacity for less than four years, alternatives such as transporting one grade level to another school and temporary classrooms are considered.

8. When the high school levels are involved, attendance area changes will be made as far in advance as practicable to provide attendance options during a phase in period.

B. Excess School Enrollments

When it is projected that a school will have an enrollment that significantly exceeds the capacity of the school's facilities, the following options are considered in the process of developing a recommendation. The options are not listed in order of priority because each situation is different and the duration of the crowded conditions may vary.

1. Assign the kindergarten students to another school.

2. Add mobile classrooms to the school.

3. Convert the gifted education, art and/or music classroom(s) to regular classrooms.

4. Assign the self-contained special needs programs, if any, to another school.

5. Modify the attendance area (item A.6. above).

6. Implement an extended day or split session schedule.

7. Increase class size.

8. Construct additional permanent classrooms.
The Board of Education shall approve the attendance boundaries for each school in the district. When a school is unable to accommodate the enrollment of students from its attendance area, the additional students will be transported to or accommodated at a school designated by the Board of Education.

Subject to the District’s authority to assign students to a particular school for educational reasons, students shall attend the school serving the area in which they live unless enrolled at another school for a special education program or under the Intra-District Choice/Open Enrollment policy JFBA.

Effective with the 2022-23 school year, the school attendance areas are as follows.

Altura Elementary School

BOUNDARIES:

From Airport Boulevard and the northern district boundary follow the district boundary west and south to the Union Pacific Railroad; east to Sable Boulevard; south to Sand Creek; east to Chambers Road; south to E. 23rd Avenue; west to Altura Boulevard; north to the property line between E. 23rd Avenue and E. 24th Avenue; west following the property line to Sable Boulevard; south to E. Colfax Avenue; east to the property line between the Friendly Village and Woodshire Mobile Home Parks; north to E. Montview Boulevard (extended); west to Airport Boulevard; north to the district boundary.
Arkansas Elementary School

BOUNDARIES:

From the northeast corner of the Robinwood Condominiums’ property (Alameda Parkway and north of E. Ohio Avenue) go southwest following the Robinwood Condominiums’ north property line to the northwest corner of the Robinwood Condominiums’ parcel; southeast following the Robinwood Condominiums’ west property line to E. Kentucky Avenue; west to Buckley Road; south to E. Mexico Avenue; east to Highland Hollow Park; east and north following Highland Hollow Park to the easement between 17915 and 17925 E. Florida Drive; east following the property line between E. Gunnison Place and E. Iowa Drive to the property line between 18359 E. Iowa Drive and 1599 S. Zeno Way; south to E. Iowa Drive; east to Tower Road; north to E. Mississippi Avenue; west to the drainage easement west of the Brandon Park Apartments (east of Uravan Street and north of E. Mississippi Avenue); northeast following the drainage easement to Alameda Parkway; northwest following Alameda Parkway to the northeast corner of the Robinwood Condominiums’ property.

Crawford Elementary School

BOUNDARIES:

From the easement between Jamaica and Joliet streets and E. 17th Avenue, go west to Havana Street; north to E. 19th Avenue; west to Boston Street; north to E. Montview Boulevard; west to Yosemite Street; south to E. Colfax Avenue; east to the easement between Jamaica and Joliet streets; north to E. 17th Avenue.
Dalton Elementary School

BOUNDARIES:

From E. Iliff Avenue and Buckley Road go south to the district boundary (E. Hampden Avenue); east along the district boundary to Tower Road; north to E. Yale Avenue (extended); west to the Tollgate Creek Channel; follow the Channel northwest to E. Iliff Avenue; west to Buckley Road.

Dartmouth Elementary School

BOUNDARIES:

From Buckley Road and E. Yale Avenue go west to Chambers Road and the Cherry Creek Spillway; follow the spillway southwest to the district boundary; south along the district boundary to E. Hampden Avenue; east to Buckley Road; north to E. Yale Avenue.

Elkhart Elementary School

BOUNDARIES:

From E. Colfax Avenue and Chambers Road go west to Interstate 225; south along Interstate 225 to E. 6th Avenue; east along E. 6th Avenue to Chambers Road; north following Chamber Road to E. 12th Avenue; East to Highline Canal; south following Highline Canal to the property line between 15400 E. 13th Avenue and 1200 Chambers Road (Hinkley High School); east to Jasper Street (extended); north to Highline Canal; west following the East Branch of Highline Canal to Helena Street (extended); north to E. 13th Avenue; west to Chambers Road; north to E. Colfax Avenue.

Rocky Mountain Preparatory at Fletcher

BOUNDARIES:

From the easement between Jamaica Street and Joliet Street (extended) and the northern district boundary; follow the district boundary west and south to intersection of E. Montview Avenue and Boston Street (extended); south to E. 19th Avenue; east to Havana Street; south to E. 17th Avenue; east to the easement between Jamaica Street and Joliet Street (extended).

Fulton Elementary School

BOUNDARIES:

From E. 11th Avenue and Del Mar Parkway go west to Galena Street; north to E. 12th Avenue; west to Elmira Street; south to E 11th Avenue; west to the district boundary; south and east following the district boundary to E. 1st Avenue and Galena Street (extended) north to E. 3rd Avenue, east to Geneva Street; north to E. 6th Avenue; east to W. Del Mar Circle; north to Del Mar Parkway; northwest to E. 11th Avenue.

Iowa Elementary School

BOUNDARIES:

From E. Mississippi Avenue and Buckley Road go west to Tollgate Creek; north to property line between the Hearthstone at City Center and Oak Ridge Apartments, west following property line to Chambers Road; south to E. Mexico Avenue; east to Tollgate Creek; southeast following
Tollgate Creek to E. Jewell Avenue (extended); east to Buckley Road; north to E. Mississippi Avenue.

ATTENDANCE ANNEX:

From E. Kentucky Avenue and Buckley Road go north to E. Alameda Parkway; south and east following E. Alameda Parkway to the north property line of the Robinwood Condominiums; southwest following the property line to the northwest corner of the Robinwood Condominiums’ parcel; southeast following the Robinwood Condominiums’ west property line to E. Kentucky Avenue; west to Buckley Road.

Jewell Elementary School

BOUNDARIES:

From E. Chambers Road and E. Mississippi Avenue go west to Interstate 225; south on Interstate 225 to E. Iliff Avenue; east to E. Chambers Road; north to E. Mississippi Avenue.

Kenton Elementary School

BOUNDARIES:

From E. Colfax Avenue and Peoria Street go west to Dayton Street; south to E. 11th Avenue; east to Elmira Street; north to E. 12th Avenue; east to Galena Street; south to E. 11th Avenue; east to Del Mar Parkway; southeast to W. Del Mar Circle; south to E 6th Avenue; east to Peoria Street; north to E. Colfax Avenue.

Lansing Elementary School

BOUNDARIES:

From E. 6th Avenue and Peoria Street go west to Geneva Street; south to E. 3rd Ave; west to Galena Street; south to E. 1st Avenue and Galena Street (extended); west to the district boundary; south and east following the district boundary to E. Peoria Street; north to E. Maple Avenue; west on E. Maple Avenue to roundabout with private road; north following private road to roundabout with E. Archer Place; northwest following private road to roundabout with Oakland Street; north following Oakland Street to E. 1st Avenue; west to the Highline Canal; north and east along the Highline Canal to Peoria Street; north to E. 6th Avenue.

Laredo Elementary School

BOUNDARIES:

From E. Colfax Avenue and Airport Boulevard go west to Chambers Road; south to E. 13th Avenue; east to Helena Street; south to Highland Canal; east following Highland Canal to Jasper Street (Extended); south to property line between 15400 E. 13th Avenue and 1200 Chambers Road (Hinkley High School); west to Highline Canal; north following the Highline Canal to E. 12th Avenue; west to Chambers Road; south to E. 6th Avenue; east to Airport Boulevard; north to E. 6th Avenue.

Montview Elementary School

BOUNDARIES:
From Peoria Street and Fitzsimons Parkway (district boundary) go west to the easement between Joliet Street and Jamaica Street streets; south to E 17th Street; east to Peoria Street; north to Fitzsimons Parkway

Paris Elementary School

BOUNDARIES:

From Ursula Street and E. 17th Avenue go west to the easement between Joliet Street and Jamaica Street; south to E. Colfax Avenue; east to Ursula Street; north to E. 17th Avenue.

Park Lane Elementary School

BOUNDARIES:

From E Colfax Avenue and Potomac Street go north to the Sand Creek; north then west following the Sand Creek to E 28th Avenue; east to the easement between Atchison Street and Billings Street; north following the easement to the property line between 3204 Atchison Circle and 3201 Billings Street; north following property lines to the property line between 13939 and 13969 E. 32nd Place; north to property line between 13904 and 13994 E. Smith Drive; north following property lines to the Union Pacific Railroad; west following the railroad to E. 37th Avenue; west then south then east following the district boundary to the intersection of Fitzsimons Parkway and Peoria Street; south to E. 17th Avenue; east to Ursula Street; south to E Colfax Avenue; east to Potomac Street.
ATTENDANCE ANNEX:

Includes students in the Copper Flats Apartments, which is south of E. Colfax Ave. and between Interstate 225 and Potomac Street. This area includes Richthofen Circle.

Sable Elementary School

BOUNDARIES:

From E. Colfax and Sable Boulevard go west to Potomac Street; north to the Sand Creek; north and west following the Sand Creek to E. 28th Avenue; east to the easement between Atchison Street and Billings Street; north following the easement to the property line between 3204 Atchison Circle and 3201 Billings Street; north following property lines to property line between 13939 and 13969 E. 32nd Place; north to property line between 13904 and 13994 E. Smith Drive; north following property lines to the Union Pacific Railroad; southeast following the railroad to Sable Boulevard; south to the Sand Creek; southeast following the Sand Creek to Chambers Road; south to E. 23rd Avenue; west to Altura Boulevard; north to the property line between E. 23rd Avenue and E. 24th Avenue; west following the property line to Sable Boulevard; south to E. Colfax Avenue.

Side Creek Elementary School

BOUNDARIES:

From E. Mississippi Avenue and Vail Street (extended) go west to Tower Road; south to the district boundary (E. Yale Avenue extended); east to S. Aragonne Street (extended); north to S. Sterling Hills Parkway; east following S. Sterling Hills Parkway to E. Villanova Place; east following E. Villanova Place to the property line between E. Vassar Avenue and E. LaSalle
Drive; northeast following the property line to S. Halifax Court; south to the easement between 2590 S. Halifax Court and 2602 S. Halifax Court; east to the easement between S. Halifax Court and S. Jebel Way; north following the easement between S. Halifax Court and S. Jebel Way (extended) to the southern border of the Auburn Hills subdivision; west following the border of the Auburn Hills subdivision to S. Dunkirk Street; north to E. Louisiana Avenue; west to the Sidecreek Greenbelt; northwest following the Sidecreek Greenbelt to E. Mississippi Avenue.

Sixth Avenue Elementary School

BOUNDARIES:

From the property line between Potomac Circle and E. Richthofen Circle (extended) and Interstate 225, go west to Potomac Street; south to the property line between 896 and 900 Zion Street; west to Wheeling Street; northwest to Toledo Street; southwest to the property line between Tucson Street and Ursula Street; northwest to the property line between 898 and 900 Tucson Street; southwest following the property lines between 899 and 901 Tucson Street, 836 and 842 Troy Street, 837 and 843 Troy Street; northwest to include all of Troy Court; west following the property lines between 800 and 812 Scranton Street, 795 and 803 Scranton Street, 790 and 800 Salem Street to Salem Street; south to property line between 12876 and 12910 E. 6th Avenue; south following the property line to E. 6th Avenue; west to Peoria St; south to the Highline Canal; south and west on the Highline Canal to E. 1st Avenue; east to Oakland Street; south following Oakland Street to roundabout with private road; southeast following private road to roundabout with E. Archer Place; south following private road to roundabout with E Maple Avenue; east following E. Maple Avenue to Peoria Street; south to E. Alameda Avenue; east to Chambers Road; north to the East Tollgate Creek Greenway; following the East Tollgate Creek Greenway northwest to E. 6th Avenue; west along E. 6th Avenue to Interstate 225; north to property line between Potomac City and Richthofen Circle (extended).
